Sara Salvato

Dear Ms. Salvato:

On April 15, 2019, Dr. Adam Law (Assistant Superintendent of Human Resources), James Petrungaro (attorney for District 304), Kevin Gannon (GEA President), and Bonnie Booth (IEA UniServ Director) met with you regarding allegations that several high school teachers had received a delivery of campaign materials at the high school, including door hangers and possibly other political materials.

You reported that you did sign up with the GEA to distribute campaign materials and that you did participate in that activity on a Saturday morning (March 30th). However, you denied ever receiving campaign materials in your mailbox, instead claiming that the materials were provided to you by another teacher at a Dunkin Donuts, where several teachers had met prior to canvassing.

Please be advised that Board Policy 3233 and the State Officials and Employees Ethics Act, 5 ILCS 430/1 et seq. ("Ethics Act"), prohibit you from intentionally using any property or resources of the Board of Education in connection with any prohibited political activity.

"Prohibited political activity" is defined by Policy 3233 and the Ethics Act to include but is not limited to the following:

- Preparing for, organizing or participating in any political meeting, political rally, political demonstration or other political event;
- Distributing, preparing for distribution, or mailing campaign material on behalf of any candidate for elective office;
- Campaigning for any elective office;
- Managing or working on a campaign for elective office.

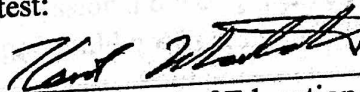

After reviewing the evidence collected during the investigation by Dr. Law and Mr. Petrunaro, the Board of Education has determined that there is not sufficient evidence to suggest that you violated Board policy regarding prohibited political activity. This letter of direction serves to advise you of Board policy and expectations regarding prohibited political activity.
